Election Tues. For 29 Classrooms

The MASON LINE

by Chan Mason

We are happy to report that our local March of Dimes Campaign, instead of being a great disappointment as we first thought, appears now to be most successful. Details will appear elsewhere in the paper but as co-chairman of the campaign, let me say it was only through the combined efforts of so many people who gave their time so freely that the drive was a success.

This is our third year of active participation in the Polio Drive. It is our favorite charity and while we are unhappy over the lack of advance publicity and credits given by the two San Diego daily newspapers, the soreness leaves when we consider the space given to the campaign by The REVIEW.

We gather the impression that television and newspapers don't get along too well together and it did seem that after this year's telethon, little was said about the Polio Drive in the newspapers. The Mother's March for instance, which took in some $1005.00 here through the efforts of the P-TA was barely mentioned. Lots of people didn't even know the Mother's March was going on here. Newspapers, like all business, need competition, we guess.

Our L. G. fire laddies have organized a Junior Fireman's Association and a Junior Fire Chief has been appointed at each of our local schools. They in turn were asked to appoint Captains, Lieutenants, etc. At a recent visit to St. John of the Cross School, Chief Hensley was talking to his Junior Chief who was some 8 years old; just then Kindergarten let out and the Junior Chief turned to Pappy, pointing to the little kids and said, "Chief, how do you expect me to make firemen out of those guys?"

A few departmental adjustments were made and now all is serene again.

Odds and Ends; Take a crack at Shakespeare on T. V. some Saturday at 11:05 Chanel 2. Real live classroom lectures, you'll enjoy it.

If you need a speaker for your Club sometime, ask Mike Calderone, local teacher to outline the new Recreation Program we're going to have here in the Grove. Its ambitious but it will work.

The Grove will miss Rev. John Chandler of Trinity Presbyterian Church. John and his family are going to leave us in a couple of weeks. He sustained injuries in the last war which must be repaired. It involves considerable time and John, who is not yet 30, thought now is the best time to get it done.

Quite a man, this youngster. Started Trinity with 28 members two years ago. Now the membership exceeds 600. Literally hundreds of local residents wish him well.

Now that summer is here, what happened to spring? Broke out our fishing tackle the other day before I realized it's months before opening of trout season.

Most folks would bet 5 to 1 against another drug store in Lemon Grove but we know an editor who will bet 5 to 1 there'll be another one—on the main stem—and fully operating within 90 days.

Dr. Gilbert Chassy, Lemon Grove physician, has a ranch near Escondido and raises grapes. Some of them he makes into a fine quality of wine which he generously distributes to his wide acquaintanceship.

The family, including Bruce and Eleanor, his children, have a beguiling little gag they work on recipients of the Chassy generosity, but this is restricted to those who ask with a show of mock naivety, "Did you press the grapes with your bare feet?"

It is usually Bruce who answers, while the rest of the family appear solemn and serious.

"Oh, no," Bruce explains, "Pop always wears shoes."

Citizen's Group To Query Architect

The Citizen's Committee on School Costs is scheduled to meet with architect Herluf Brydegaard at a meeting Monday at Michael's, according to Frank Gigliotti, chairman.

Mr. Brydegaard said that he would explain why many school costs are higher than they should be. The committee is studying the County Grand Jury report on school costs.

In attendance will be the full committee composed of the chairman, Mrs. C. W. Brown, Mrs. Paul Harvey, Max Goodwin, Dr. Dave Wilhite, Bob Von Willer, and John Landesco.

Lionesses to Hold Dinner Dance

The Lemon Grove Lioness Club will have the members of the Lions Club as their guests at the Valentine dinner dance Saturday at Michael's. The evening will start with cocktails at 7 and dinner at 7:30.

Melody Aces will provide dancing music after the dinner. Novelty dances have been planned by the following committee: Mmes. Robert Von Willer, Pete Woods, Calvin Nichols and Don Johnson.

All members of both clubs are invited to bring guests.

LETTERS TO THE EDITOR

Editor,

Lemon Grove Review:

Dear Mr. Goodwin:

I thought you would like to know what we are doing with our helicopter since we delivered Santa Claus to the kiddies of Lemon Grove.

We are operating from the La Mesa Airport and are offering excursion flights and landings on the famous San Miguel Mountain for one of the most breathtaking views in all San Diego County.

We are using our Bell helicopter to solve the most difficult transportation problems in the most modern way. We operate contract and charter flights for photography, real estate surveys, advertising and for moving men and cargo in rough terrain.

In addition at the La Mesa Airport we operate a complete aircraft service for maintenance and overhaul of private aircraft under the supervision of A. & E. mechanic.

For those who just want to come out and browse around, the La Mesa Airport is at Sweetwater Springs Blvd. and Jamacha Rd.

Sincerely
Hugh E. Ramsdell,
La Mesa Helicopter Service

He was a veteran of 35 years service, having served in both World Wars. He formerly was in command of the Ammunition Depot at Seal Beach and also Ammunition Depot at Hawthorne, Nev.

Com. Richards is survived by his widow, Loretta, and two daughters, Grace Zippwald of Lemon Grove and Gertrude Leonard of San Diego, and three grandchildren. He is also survived by a sister Gertrude Wuebben of Spring Valley.

Services will be Thursday at 10 a.m. in Bonham Brothers Mortuary and burial at Fort Rosecrans Cemetery.

Inclusion Costs Slashed for Water District 'Islands'

Owners of "dry islands" in the La Mesa-Lemon Grove-Spring Valley Irrigation District are in for a rude awakening if they have been led to believe that all of the $454 per acre charges for inclusion under the new ruling established recently by the Irrigation District Board would be abolished. Actually, the $290, representing the per acre cost of buying into the district will be eliminated.

About 20 parcels of land totaling 3,000 acres make up the "island" area.

M. J. Shelton, Engineer-Manager of the District, said that it seemed reasonable that the District, operating at capacity, should not charge these new areas for the assets of the District if they couldn't use them. He said that the board of directors felt that they should be required to pay only on the capital outlay needed to bring them service.

The total inclusion fee was $454 per acre, of which $290 was for buying into the District and $164 was allocated for off-site improvements to bring service to the users. The board of directors have proposed to drop the $290 fee. The new policy of the board is to approve annexation and inclusion of lands which can pay their own way. It is not planned to make property owners who have already paid the fee to share in the cost of facilities for newly annexed users.

What the board of directors has proposed is for recalculation of the costs for facilities to bring service to these islands. Because many of these islands have unusual conditions of terrain it is supposed that off-site improvements will be slightly higher. Shelton believes that the inclusion costs will be approximately 50% or a little less, per acre, of the former price which will be payable either in cash or over 20 years at 4% interest.

He explains the cost in this manner. "Take for example," he said, "the 300 acres of Murray Acres adjacent the Windsor Hill property. We would have to run a line from University, install a pumping station and at the top install a reservoir or a tank to give the people of this area sufficient pressure. Another property owner may have a main running either thru or along side his property. This would make no difference in the average cost. The total for all improvements would be assessed against all of the islands and each of them would pay their share."

Meanwhile a citizen's committee has been requested by the District's board of directors to aid and guide them in an expansion program which will require the expenditure of $17,000,000 in the next 15 years to handle the apparent increased population of the district. Named temporarily as chairman at an organizational meeting, last Wednesday, was Ray Grable, La Mesa realtor. A steering committee was named and among the members was Luther Hussey, Lemon Grove attorney, to set up plans for organization and committees.

On the advisory committee from Lemon Grove are Bert Betts, E. F. Brady, Vroman J. Dorman, Max Goodwin, Luther N. Hussey, Edward M. Kinyon, Channing Mason, A. F. Sonka and William P. Zilker.

The committee consists of 50 members, 10 being chosen from each of the five districts and named by the five district's board representatives.

Just prior to the formation of the citizen's committee the board of directors agreed to eliminate the inclusion fee of $164 per acre which was to be assessed against El Cajon for coming into the District.

The elimination followed a recommendation against an inclusion fee by A. D. Edmonston, State Engineer of the Dept. of Public Works.

The El Cajon District had already insisted that the fee be waived if a merger was to be obtained. In the waiver El Cajon Valley residents will save $1,117,346 if they should decide to proceed with the merger. In the El Cajon District are 6,731 acres.

In the matter of the expansion needs for the District it is believed that the committee will recommend that expansion be done in sections. It is probable also that the District will attempt to float a $5,000,000 bond issue to handle pressing needs for expansion to handle by-pass lines and other lines to bring up the pressure in low-pressure areas and to handle the immediate needs of increased popula-

Men's Club to Hear Water-Works Trustee

Ralph Grant, Patrol Inspector of the Immigration and Naturalization Department, told members of the Lemon Grove Men's Club, Friday, that the wetback problem in the Lemon Grove area is being solved.

He said that recent government rulings had multiplied the border patrol problems but that pick-ups in the Lemon Grove area were less than they were three months ago.

Chairman of the day was Dr. Frank Gigliotti. A program built around the irrigation district will be presented Friday. Harry Griffen, irrigation district board member from Lemon Grove, will make the presentation. George Castéel is chairman.

Rev. Chandler Resigns Pastorage

Rev. John R. Chandler has resigned as pastor of Trinity Presbyterian Church. Rev. Chandler came here in September 1951, as a representative of the Los Angeles Presbytery, and organized a Presbyterian Church to serve La Mesa, Lemon Grove and Spring Valley. The first service was conducted in the Spring Valley Community Center Sunday, Oct. 14, 1951.

The church soon outgrew its temporary quarters and by the first of the year 1952, was holding services in the La Mesa Country Club house on the hill, which the congregation had acquired.

Rev. Chandler resigned due to ill health, and will undergo extensive medical care before embarking upon a course of study at a Presbyterian seminary, where he expects to do research work. He will deliver his last sermon at Trinity on Sunday, Feb. 28.

He announces his sermon topic for next Sunday "When a Man Meets Himself." Due to illness he was unable to deliver this sermon last Sunday. Rev. Vern Robertson occupied the pulpit in his stead.

A congregational meeting will be held at 10:30 Sunday morning to name a pulpit committee whose duty will be to contact prospective candidates to fill the vacancy and present them to the congregation.

Tuesday is the day the people of Lemon Grove will have an opportunity to show a genuine interest in community schools and to express an opinion concerning the growth and development of those schools.

All registered voters, who have already received a notice of the election from the County Registrar of voters giving complete details on the issue, are sincerely urged by both school and civic leaders to go to the polls next Tuesday and cast a ballot on the school bond issue.

Those who vote at the Vista La Mesa School will cast ballots Tuesday in the teachers' workroom there at 7101 Pearson st. Mmes. Marian L. Kinyon, Eula G. Bryant, and Pauline L. Edwards make up the election board there.

Those who vote between 7:00 a.m. and 7:00 p.m. at the Intermediate School should enter the old main entrance on 3021 School Lane near Lincoln. Board members include Mmes. Hazel E. Dickerhoff, Justine W. McMaken, and Lillian G. Allison.

Up at San Miguel School, 7059 San Miguel Ave., the nurse's office will become temporary polls, with Mmes. Ann M. Barber, Lucille Taylor, and Lucille S. Johnson in charge.

The Monterey Heights polling place is in the main hall by the office at 7550 Canton Drive. The election boarl there is made up of Mmes. Thelma Best, Mary Whilldin, and Eupha M. Lane.

The bond issue, which is for $550,000, is being presented to the voters in order to build the classrooms needed in Lemon Grove. Every cent from the sale of the bonds will be used to build twenty nine classrooms at the five sites throughout the district. Without these new classrooms, because of the tremendous growth of this community, all students in the elementary grades would possibly be back on the dreaded double sessions in three years.

Under the proposed bond issue, these classrooms could be built so that 2800 students would enjoy a full day of school, and the district would then become eligible for State aid to care for other enrollment needs in the not too distant future.

P-TA workers will call at homes throughout the district to give voters additional information and answer questions about the election. Brochures showing the need for the classrooms will be mailed to all registered voters. Since an informed public is an interested public, Lemon Grove should expect a record turn-out at the polls next Tuesday. The Citizens Committee for Schools asks that the voters of the district make it that by voting next Tuesday, Feb. 16, at one of the four schools sometime between 7:00 a.m. and 7:00 p.m.

Record Troop Has Record Turnout For Record Awards

A record of 113 awards was made Monday night to Lemon Grove Boy Scouts of Troop 168 at a Court of Awards at Michael's.

Hon. David Bird, county supervisor, was guest of honor. Supervisor Bird made Eagle Scout awards to Russell Graff and Michael Finnerty.

More than 200 people packed the Acapulco Room at Michael's to witness the award presentations. He also read a letter from Arthur Schuck, Chief Scout Executive, who complimented the boys also.

The Rev. John W. McDonagh of St. John of the Cross said that the double blessing of heaven and earth went with the scouts. Religious aspects, he said, were present and functional.

Max Goodwin commiserated with the more than 100 fathers in their sweat, tears and fears which brought them up to the award night. No nation can be God-less, he said, with so many fine scouts as the nation's backbone.

Mothers March Helps 'Dimes' Total to Top $4,000.00

Leaders of the 1954 March of Dimes in Lemon Grove expressed surprise and amazement as semi-official returns indicated that the local contribution would top $4,000.00.

Co-chairmen Channing Mason and Tom Warburton said that the exceptional results of the Mother's March and contributions of schools accounted for the unexpected high total.

"We worked much harder this year than last," Warburton said. "Girl Scouts and the school youngsters helped save the days for us."

"We had tough competition," reported Chan Mason. "Last year we took in more than $5,000.00 but it was tough work. This year we appeared to be bucking the higher tax complaint. My guess is that more individual contributors took part but there was a very definite trend toward smaller donations."

Breakdown of sources are:

Schools	$ 650
Block of Dimes	650
Mother's March	1,000

School Board OK's Citizen's Committee

The Lemon Grove District School Board Monday night unanimously agreed to ask for the formation of a citizen's advisory committee of lay people in the community to aid and advise on school matters.

The trustees will name a committee of nine to form the group.

The organizing committee, after setting up the advisory committee membership, shall be dissolved. The trustees said the organizing committee names would be decided upon and released some time next week.

A recreation committee headed by Robbie Kraft and Barbara Cohenour, Woman's Juniors, with Lewis Polluzzi as spokesman, convinced the board that a summer recreation program should be part and parcel of school activities and approximately $800 was budgeted to carry the program until July 1 at all five elementary schools.

At the request of the professional relations committee of the local teachers' association, the board considered policies to be followed in paying salaries, sick leave, and compensation to certified employees injured while at school. The board moved to allow sick leave benefits as outlined in the handbook, plus compensation. The total amount of the employee's income each month during the illness is not to exceed the regular salary stipulated in the annual contract.

In reviewing qualifications to be met by teachers regarding first aid, the board stated that it recommended all teachers and other employees take a first aid course. The type of course was not specified and no requirement of course renewal was indicated.

S. K. Solleder, assistant superintendent, will leave on Feb. 22 to secure new teachers from out-of-state. At present approximately ten new teachers will be needed in Lemon Grove, but this number is expected to increase by May.

Colored prints or sketches of possible new classrooms lined the walls of the office during the meeting. These pictuers showed the number of classrooms, possible locations, etc. of the needed classrooms being voted upon at the bond election this Tuesday, but type of architecture, etc., is to be determined later by the board.

Robert Brown was named chairman of the board in keeping with the agreement that the new chair would be manned by seniority at this time. Harry Griffen had accepted the chairmanship for a six months period last year.

THE DIMMER VIEW

By MAX GOODWIN

I have sat sullenly by and watched local business people going out of the community to purchase equipment, merchandise and services that are available in Lemon Grove. What's more, particularly in the construction field, local firms were not even invited to make bids!

Lack of loyalty in this day and age is not too surprising. It shows that the erroneous belief that "you can buy it cheaper" somewhere else still exists. But it just ain't so!

Worse than this lack of loyalty is a lack of civic consciousness among business people. Many feel their civic responsibility has been fulfilled when their county tax bill is stamped paid. This is fallacious and shallow thinking. Each firm owes more to his chosen business area than a stock of merchandise. He owes his thinking, whether it is trained or not, to the multitude of problems inherent in a fast growing town, especially if it offers such rosy business potentialities as Lemon Grove's future does.

Because our town is growing so fast, it has attracted many outside people, many of whom have homes and interests elsewhere. This is not bad in itself. Where this situation shows up as lacking is in public meetings where plans for the future of our community are discussed and resolved. Business people who have enough gumption to maintain a business in Lemon Grove should have enough interest in its orderly development to attend, or at least support these organizations which regularly discuss civic problems.

There is a type of organization for every need. There's the Chamber of Commerce, the Men's Club, Kiwanis and Lions Clubs, Business Women's League, Woman's Club, Woman's Club Jr. plus a score of church groups and other organizations all of which take part in community affairs.

If you are not lending your eye and your mind to at least one of these, you are derelict as a Lemon Grove business person.

Contest-Time . . . The answers to last week's quiz were: Korea, Persia and New Amsterdam. Congratulations goes to a fine chick with the name of Dawn Ward stamped on her birth certificate. Dawn is all of 15 years young and resides at her abode, 8165 Baldwin, here in the Grove. Dawn Ward is a sophomore at Helix, and won a chicken dinner for two at Richie's.

Thanks to Jerry Lindsley, R. G. Richardson, Noel Brady, Karen Dawson, Lennie Weber, Elisa Williams, Bob Durrell and others for trying to win the contest; as I write here every week, keep trying.

(We're having something new, again, in contest-time: in order to get more news of interest in this column, we're shortening part of this paragraph. The winner will be recognized like Dawn was and win an outside prize).

The question for this week is thusly—(you have to answer both of them correctly) What are the meanings of 'macabre' and 'burgeon'? Two tickets to the Grove theater go to the winner.

Just Jazz . . . A gang of cool cats from the big school tottered down to the Coliseum last Saturday evening and watched Gene Norman of the other smoggy city up north (about 130 miles) and Don Howard of local Diego present in concert the George Shearing quintet **plus** "Zoot Sims," "Wardell Gray," and "Stan Getz" on the brassy saxes. It was a real wild night with hot music notes floating from our hardwood chairs up to the smoke filled roof and everyone barged out of the building with an air of satisfaction surrounding them. The Helix mob seen there by yours truly were: Sally Thiebault, Bill Freeman; Betty Soderberg, Bill Morley; Leilani Rose 'n date; Ronnie Soderberg, Carlos Valdez; Betty VanSickle, R. G. Richardson; Carol Kreger, Bob Turnbull; also Dickie Burdell, Dickie Proo, Monty Rose, Ronnie McCleave, Don Sleet and Bob Kirkendall.

What's Happening . . . It's strongly rumored that near the end of February Don Howard is going to bring Stan Kenton, Dizzy Gillespie, June Christy, and others to San Diego. And about a month after that Don might bring Earl Bostick down here. They're only rumors but let's all hope they'll turn into facts.

February 16—Tuesday — Helix vs. Point Loma—basketball.

February 18 — Thursday — full assembly—patriotic.

Famous Films . . . I thought I'd call a time out and tell you of some 1954 movies that you can look forward to seeing. This isn't exactly Helix material but almost every Helixer views shows. "Ten Commandments," "Ben Hur," "Helen of Troy," "Queen of Sheba," "The Egyptian," "Attila the Hun," "Richard the Lion Hearted" and "Enchanted Cup," to name a few.

Red Cross Opens

By CHARLES GURLEY
Public Information Chairman

The February meeting of the Lemon Grove branch of the American Red Cross was held Thursday Feb. 9 in the Woman's Club, Mrs. G. R. Roberts, presiding. The following members were in attendance: Mrs. McCabe, Mrs. Randolph Morse, Mrs. Walter Eager, Miss Nicholson, Mrs. A. J. Huebach, Mrs. Castigilla, Mrs. Norris, Mrs. Chas. F. Taylor, Mrs. Jordan, Mrs. Woody, Mrs. Rice and Charles Gurley and Robert Baird.

Mrs. Taylor reported on the activity of the Nurses Aid Corps. The motor transport committee was discussed and Mr. Baird reported that a station wagon would be assigned the Lemon Grove branch and we might expect it within 30 or 60 days.

It was disclosed that the Lemon Grove share in the forth coming membership and fund drive had been set at $2980 and this probably would be an easy amount for us to exceed on our first try. Mrs. Jordan volunteered to accept the job as Chairman of the Membership and Fund Drive which will start March 1. Mrs. Huebach and Mrs. Woody volunteered to assist as co-chairmen. Feb. 28 has been designated as Red Cross Sunday.

Civil Defense Notes

Charles Gurley HO 6-3745

Another Big Debate is now going on among the Big Brass in Civil Defense as to whether we should evacuate or depend on Bomb Shelters in case of air raids.

"In many areas this may be quite easy to determine but in San Diego there are a number of things to consider" said Dr. Frank Gigliotti yesterday, "and it is important that they be decided in advance of any possible attack.

"Any PERSONS WHO HAVE the answers to any of the questions, please relay them to me. Shall we head for the mountains or the desert? What about sufficient gasoline and water? What about food and shelter? There are a good many other problems which we all hope we never have to face but facing them in advance and settling them as well as possible before the emergency arises is far better than having them occur to us as entirely strange possibilities. Now is the time to do our thinking."

Local Dogs to Compete in County-Wide Trials

Included in the more than 750 bluebloods that will compete in the Feb. 14 all-breed dog show and obedience trials of the Silver Bay Kennel Club, is a contingent from the Lemon Grove-La Mesa district. This American Kennel Club sponsored classic, to be staged in the Electric Building, Balboa Park, will feature some 70 different breeds—the rarest to most popular — originated in many countries throughout the world.

Lemon Grove-La Mesa entries include those of C. L. Butler, Norma B. Howard, Charles and Patricia Errickson, (Boston Terriers); J. A. Campbell III, Joie Myrick, (Staffordshire Terriers); Richard J. Doke, (German Shepherd); Lenora McKenzie (Pomeranians); Mr. and Mrs. Frank Pignataro, Barbara Story Howell, Mrs. Trella White, (Boxers); Rachel E. Schafer, (Bulldogs); Sara Whittington, Mrs. J. A. Ball, Sidney D. Antell, (Collies); Col. and Mrs. Emmett McCabe, (Norwegian Elkhound); Opus Kennels (Standard Poodles); Martha K. Paulson, (Smooth Dachshunds).

Alan Batchelder Off to Armed Forces

Alan Batchelder, son of Marian S. Batchelder, 2242 Lawton Drive, leaves Feb. 16 for Ft. Ord to commence service in the armed forces.

Alan, now a freshman at State College, is a former Helix student and a major and battalion executive in the military science class at college. Alan plans to apply for OCS as soon as he is eligible.

Mother of Mrs. Le Roy Bellwood Passes

Mrs. Ruby Dreasher, the mother of Mrs. Estellene Bellwood of 1922 Englewood Drive, passed on last week. Mrs. Dreasher was fifty-seven years old. She and her husband resided in Brawley for many years, having come there in 1924 from Emporia, Kansas. In 1951, the Dreashers moved to El Cajon.

Rev. William Wesley Penn, minister of First Methodist Church at Gardena conducted funeral services. Rev. Penn was pastor of the church at Brawley when the Dreashers were members there.

Mrs. Dreasher is survived by her husband Albert Dreasher, another daughter, Mrs. Vivian Williams of Santa Maria, and five grandchildren.

KIDS PLEAD FOR CLASSROOMS

● **Forget, if you wish, the pleas of your PTA parents, your teachers and your school trustees. Let's get down to the level where youngster and education meet. This is in the classroom. This is the critical area of the youngster's formative years.**

● **Our doctors, lawyers, scientists and ministers, and plain everyday GOOD Americans are molded into these future beings in the elementary school classrooms. Groups who keep abreast of school activities say full educational opportunities are not possible on a double session basis.**

Youngsters who have experienced double sessions say they are being lost in the shuffle of an erratic school schedule.

HERE'S WHAT YOUR CHILDREN SAY:

(Reprinted from the Lemon Grove REVIEW, February 4)

Pat Boone is the attractive daughter of a Navy family residing at 7220 Waite Drive and is in the eighth grade. "I was on double session in the sixth grade. I haven't made up yet for the study I missed. It's made school awfully hard since then."

Don Nelson lives at 2143 Eldora and is also in the eighth grade. His father's connected with the Navy too. "I was on double session in the first and second grades. That was a long time ago. My father was transferred to Hawaii and I went to school there. It took me more than a year to catch up. That year was the hardest school year so far."

Kenneth Hill's father is a shoe store manager. They live at 2324 Berry St. "I don't like double sessions a bit. None of the kids I know like them either. I think that you learn about half as much as compared with full time. It also makes you kind of lazy for learning anything."

Leonard Blottin's father is associated with the city schools and they live at 2568 Bonita St. "I was on double sessions in the sixth grade and I haven't caught up yet. My math went sour and I'm lost in that subject now. So far it messed me up plenty."

Bob Ellis' father is with Navy Electronics at Naval Training Center. They live at 6641 MacArthur Dr. He experienced double sessions and complained of the social shortcomings involved. "Some of my friends were out while I was in school, then next some of the ones I was in with were out while I was in. It separated me from a lot of fellows I liked."

Ellis Edenfield's father is an aeronautics engineer at Convair. They live at 2285 El Prado. "I had double sessions in the fifth grade. I found out you can't learn twice as much in half the time. I think some of us got lost in some classes. I didn't like it."

Robert Bunch's father is an electrical engineer and they live at 7360 Central. "When I was in the sixth grade we had double sessions. It made the year seem twice as long. I know I didn't learn much that year. Double sessions don't make much sense to me."

Barbara Holsclaw is the pert daughter of W. J. Holsclaw, a San Diego janitor who lives at 8281 Golden. "When I was in the sixth grade we had it. There was hardly any physical ed. or art. When I got to the seventh grade I was pretty far behind. That made two tough years for me."

Robert Thompson is the son of George Hobson, a carpenter at 8143 Golden Ave. and he had some very definite opinions. "You simply don't learn as much. You don't study at home with all that time and nothing to do. Then your mother gets mad at you because you don't do anything. It's no good."

Party to Help Pay Clubhouse Improvements

A luncheon and card party is scheduled for Feb. 23 at the Woman's Clubhouse, 2810 Main St., at 12 noon and the public, whether they are members of the Woman's Club organization or not, is invited to attend.

Proceeds from the event will go for improvement of the clubhouse which is also headquarters for the local Red Cross Chapter and the Heartland Players.

In the above photo are Mrs. H. J. Warner, who is head of the ways and means committee, Mrs. Frank Eldridge, chairlady, and Mrs. Dave Hentigan, president of the Woman's Club.

Congregational Church to Expand Facilities

An expansion program, calling for the expenditure of $45,500 for the First Congregational Church of Lemon Grove was announced this week by Rev. Dan Apra.

The program calls for eight more Sunday School classrooms to handle about 250 more children. It will also include the revamping of the church proper to accommodate about 50 more members and provides for a new fire escape. Also included in the development is the purchase of two pieces of property which increases the church holdings to 1.8 acres and provides for the future expansion to care for an enrollment of 1,200 church school attendance and 1,000 resident members.

Property purchased is that of Fletcher Carr, on Main St. near Olive and the property of Earl Near on Church and Olive.

Under present plans Carr's residence will be used for the parsonage and Near's property will be used to house an associate pastor. Negotiations are under way now for an assistant for Rev. Apra to handle the greatly increased work load.

The offices now in Friendship Hall will be moved to the present parsonage on Olive St. and the three offices there will be made into three additional Sunday School classrooms.

The new office building will increase the office room space by two for a total of five.

A small three room house on Near's property will be developed into another three Sunday School classrooms while a tool shed and garage in the rear of these properties will be modernized to handle Sunday School classes for two more grades.

According to Rev. Apra, work will get under way in about 60 days and barring unforseen difficulties it should be completed in another 90 days.

Oldest Grandma to Be Honored at Grove P-TA Meet

A humorous skit, "Parade of Memories," will highlight the Founders Day program of the Lemon Grove School P-TA Feb. 18, at the San Miguel School, at 7:45. The committee, headed by Mrs. Robert Brown, promises a laugh a minute when the association members recall the past days by modeling some old-fasioned clothes.

The traditional honorary life membership award will be made to some one from Lemon Grove who has contributed in some outstanding way to the association and to children. The oldest grandmother in the audience will be honored, as will be the mother present who has had the greatest number of children.

Past presidents dating from 1925 when the unit was formed will be presented to the members. Representatives from both Foothills Secondary Council and Ninth District will be there. Refreshments will be served by room representatives from the 8-3 and 8-4 classes.

Helix P-TA to See '9 Girls'

Members of the Helix Parent-Teacher Association are promised an evening of suspense and laughter at the play "NINE GIRLS" to be presented in the Helix Little Theater, Friday and Saturday nights at 8 p.m. Tickets are available from executive board members or at the door. Come and make this a successful project for the P-TA. Members of Mr. Schwendiman's drama class are presenting the play and all proceeds will be given to the P-TA.

Cigars and Smelling Salts for Stanley Partyka

Stanley Patrtyka, 9424 Crest Drive, whose wife presented him with twins on Jan. 28 at La Mesa Community Hospital, is recovering from the shock, surprise and pleasure of the dual birth and mother and children are doing fine, he reports.

The children, Jon, who weighed 6 lbs. and Joan, who weighed 5 lbs. and 9 oz., are the fifth and sixth in the couple's production schedule.

"Even the doctor was surprised," Mrs. Partyka said. "The x-ray only showed one because one was hidden from view at the time of the photograph. Stanley was so surprised that he almost got run over when he left the hospital after the birth of the twins. He was dazed for the rest of the week.

"We've doubled our children's family size in 15 months, that's a pretty good record. We've got Maibeth, aged 9, Darlene, 7, Lisa, 6, and Kim, 15 months in addition to the twins. That means Kim, Jon and Joan were born in 15 months making the family's total double."

ATTORNEY GEN. EDMUND G. BROWN, S. F.—"Mail order charity collections have been bilking Californians out of hundreds of thousands of dollars, while collecting millions of dollars nationally."

Walter Cassel, brilliant American baritone of the New York City Opera Company, will be guest artist at Grossmont High School Auditorium for Community Concert members Sunday.

He became a metropolitan opera singer in 1943 and later sang with operas throughout the nation.

YOU BE THE JUDGE

SUBPOENA, A TOOL OF FREEDOM

You may run across a curious phrase in the sixth amendment to our constitution. It says, "The accused shall enjoy the right . . . to be confronted with the witnesses against him and to have compulsory process for obtaining witnesses in his favor."

You may have reasons for not wanting to testify. For a witness must swear to tell the truth, the whole truth, and nothing but the truth. If he does not tell the truth, he commits "perjury" that is, bears false witness—and could be sent to prison. Or if he fails to show up, he may be guilty of contempt and be punished.

But why can a man force another to testify?

The reasons go far back into the history of tyranny. Suppose a man was suing a powerful lord, and you knew something to help the plaintiff to enforce his rights against the lord. You would certainly not like to testify in court against the tyrant. You might fear reprisals. So to get a fair trial a man has the right, as the law says, to "subpoena" witnesses, to force them to testify in court, whether they want to or not.

For example, in gang wars, the only way you could get a witness was by such a subpoena. In fact, if the district attorney has reason to think that a witness was trying to evade his duty, he could put him in jail as a "material witness" until the trial.

Witnesses can be cross-examined. In a criminal trial, you have a right to be confronted by your accusers. You have the right to cross-examine them, and perhaps show up their mistakes or lies.

You remember the story of how Lincoln saved one of his clients. The key witness said that he saw the accused do the crime by the light of a full moon. Lincoln took out his almanac. It showed that the moon wasn't out that night at all. Lincoln's client was acquitted at once.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

VLM P-TA to Observe Founder's Day

Vista La Mesa P-TA Executive Board Meeting was held Monday at the home of Mrs. Walter Schultz, 3673 Frost St. The forthcoming bond election was under discussion as well as the next monthly meeting which will be the annual Founder's Day observance. Hostesses for the board meeting for the evening were Mrs. Walter Schultz and Mrs. Albert Kruse.

Glory of Soul Shown In Sunday Sermon

Spiritual activity increases through a realization of God as Soul states the Sunday Lesson-Sermon on "Soul" in all Christian Science churches.

This selection from Isaiah (60: 19) is the Golden Text: "The sun shall be no more thy light by day; neither for brightness shall the moon give light unto thee: but the Lord shall be unto thee an everlasting light, and thy God thy glory."

There is no such thing as a moral or an immoral book. Books are well written or badly written. That is all.

The public is invited to attend the executive board meeting of the Helix Parent-Teacher Association, Monday at 7:30 p.m. in the school cafeteria. Mrs. William Beasley, president, will present civic projects which will be further discussed at a Town Hall Meeting to be called by the City Council.

Good Start Reported In Concert Drive

Mrs. Amy Sonka, Lemon Grove area chairman in charge of Grossmont Community Concert memberships for next year, announces that early reports of sales this week are gratifying. The annual membership drive for the 1954 concert season is on this week only. Single admissions to individual concerts will not be available.

Mrs. Sonka reports that Mrs. Charles William Brown heads a P-TA Canvass Committee to include the following schools: San Miguel School, Mrs. Charles Taylor, Chairman; Golden Avenue School, Mrs. George Cremer, Chairman; Vista La Mesa, Mrs. Harold Perkins, Chairman; Monterey Heights, Mrs. Lewis Smith, Chairman; Parents Music Organization of Lemon Grove Junior High School, Mrs. D. F. Ellis, Chairman.

Several members of Mrs. Sonka's committee have reported that they reached their quota of membership sales early in the week.

If anyone interested in becoming a member of Grossmont Community Concerts is not contacted by a representative during the week, please phone La Mesa headquarters at the Chamber of Commerce, HO 9-2656 or HO 6-1100 before 5 p.m. Saturday.

Davis is Most Economical Market Says Mrs. Sam Slay

Mrs. Sam L. Slay, 7841 Nichols St. in Monterey Heights, is a regular patron of Davis Food Center at Broadway and Olive St.

"They have such a variety at Davis that we can get everything we need there and as a consequence we do all of our shopping there and have been doing so since the store opened," she said.

Mrs. Slay, whose husband is employed at Rohr Aircraft, has lived in the Lemon Grove area for six years and they have two children. Russell is 15 and Barbara is 13.

"These husky kids of mine eat a lot of food and we find that Davis can meet all of our needs at a very reasonable price," Cecelia Slay said. "It is the most economical store in town, as far as I'm concerned," she said.

Davis Food Center has a recently enlarged parking area which gives easy access from three of Lemon Grove's main streets. New check-out stands make it easier for patrons to finish the paying part of their shopping.

A fleet of Davis vans ply the roads between Lemon Grove and the grocery and produce markets to eliminate the middle-man and thus make for lower prices. ADV.

Piggly Wiggly Improvement Under Way

Passers-by and customers of the Piggly Wiggly store in Lemon Grove, puzzled by signs of construction, will welcome the expansion and improvement plans announced this week by D. D. Williams, owner of the San Diego county supermarket chain.

Promising extensive modernization of Lemon's Grove's first supermarket, probably the most conspicuous improvement will be the new look of the outside. Following the modern, "California-redwood" style, face-lifting will be climaxed with a huge pylon extending over the parking lot to which will be affixed the popular "Piggly Wiggly" name, readable from both sides.

The interior of the store, when alterations are completed, will "reflect the design of the exterior" according to Williams. Emphasizing customer convenience and improved techniques of display, an expanded meat department, a larger produce section, and additional shelf space will be featured.

Clarence Milbrodt, local manager, declared that "This is just part of the plan this company has to keep pace with a progressive community and to continually provide up-to-date shopping features for our customers."

He also disclosed that the meat department is to be enlarged. The processing and packaging section will be fully enclosed and refrigerated to ensure constant temperature and maximum protection.

A revamped produce section will feature more refrigerated display cases and a completely restyled dry rack for non-refrigerated produce. Again, bright colors and modernistic styling will be the keynote.

Due to the increasing popularity of frozen foods, several more feet of frozen display space are being added, as well as a special storage area in the rear of the store for maintaining larger stocks of the iced merchandise.

Increased shelf space for canned goods, Williams said, is to be done by re-designing the present "gondolas."

Completion date for the alterations now underway will be announced shortly, Williams said.

Rices Lose Butch– Pray For His Return

There are tears in the eyes of the A. C. Rice family.

Reason for the sadness is the loss of a small fox terrier named Butch. Butch was lost last week from the rear of the feed store and has not been seen since. Butch, who has been the family pet for the past three years, is a black and tan male wearing a red collar.

The Rices operate Bill's Feed Store at Sweetwater and Imperial Ave.

The Rices' granddaughter, who is four years old, was raised with the dog. The animal's value to the family transcends monetary value of the dog. The Rices are offering a sizable reward for his return and anyone knowing of the whereabouts of the dog may call at HO 6-6312 and receive the eternal gratefulness of a sorrowing family.

The Pathfinder Club is a youth's organization sponsored by the Seventh-day Adventist church with the purpose of giving boys and girls something really worthwhile to do.

The Balboa Park meeting is the first Regional Pathfinder Rally ever held in Southern California. It has been planned for the purpose of acquainting parents and friends with the ideals and activities of Pathfinder clubs.

The club meets here at 6:30 p.m. every Tuesday in the social hall back of the Seventh-day Adventist church at 2880 S. Main St. Membership in the club is open to all boys and girls between the ages of ten and fifteen. It is not necessary to be a member of the church. Memory Parade to Be P-TA Feature

Monthly meeting of the Vista La Mesa P-TA is being held Feb. 11. This month's meeting will be the special observance of Founder's Day with an unusual program planned. Mrs. E. F. Brady, Founder's Day Chairman, announced that following regular business meeting a skit entitled "Parade of Memories" will be presented. There will be authentic costumes highlighting the years since the founding of P-TA. Outstanding event of the evening will be the presentation of Life Memberships. This award goes to the person who the Nominating Committee feels has done the most for the youth of the school. This presentation causes considerable suspense for only the committee knows who the recipient will be until the actual presentation. Following the Silver Offering will be the social hour with the Executive Board as hostesses. Color theme of blue and gold will be carried out at this highlighted event of the P-TA year and parents and friends are urged to attend.

Arsenic and Old Lace Next For Heartland Players

The Heartland Players have chosen the well known play, "Arsenic and Old Lace" as their forthcoming spring production. Readings for the different parts will be done at a meeting Monday, Feb. 15, at 8 p.m. in the Woman's Club.

One of the organization said "We would like to see some of the people of Lemon Grove come to the meeting for you do not have to be a member of the group in order to try out for any part. And please don't be shy because you have never done any little theater work before—a lot of us haven't either! We would really welcome any and all of you; with or without experience. Please come and give the group a boost."

Top's Opening Bigger Than Expected

Mr. and Mrs. F. R. Lewis, operators of Top's Cleaners at 7630 Broadway, across from the new Big Ace Market, were not quite sure for awhile last week whether they were in the restaurant or dry cleaning business.

They advertised in the REVIEW and by circular that they would serve Mrs. Wright's donuts and coffee to all persons visiting them during their grand opening. About 100 dozen donuts later and with a rack full of cleaning they sat down wearily and decided that this was the greatest opening they could have imagined.

The Lewis' have had 20 years of experience in the dry cleaning business and do all of the plant work at the location they now occupy. They formerly operated the Unique Cleaners in La Jolla.

"We offer top quality work at economy prices," said Mr. Lewis. "We've plenty of parking space and we took over this location with the plan to give quality cleaning at low prices with the greatest convenience possible."

The new plant will be open every day except Sunday.

Ranunculus Bloom In Grove In April If You Plant Now

Good news for tardy gardeners! Ranunculus can still be planted for spring bloom from flat grown transplants that will do every bit as well as if they had been fall planted in your garden. This little bit of magic is made possible by commercial growers who schedule their crops to accommodate the Lemon Grove gardener who prefers spring planting of this grand garden item.

Ranunculus besides being one of the showiest of spring garden flowers, is a fine cut flower. A few plants should be set out for this specific purpose. Cut the

RANUNCULUS

stems slantwise early in the morning, selecting the stems with half opened flowers. A week to ten days of dazzling bloom should be the reward.

Sandy soil is the best for Ranunculus, but any loose friable soil will produce good results. A pinch of dry fertilizer worked into the soil beneath each plant is beneficial. Depth of planting varies with type of soil with sandy soils requiring deeper setting af the plant. Generally Ranunculus should be set about two inches deep.

Ranunculus tend to rot if left in an irrigated bed through the summer, so a wise precaution is to lift them before remaking the bed. For this reason follow-up plantings should be delayed until the bulbs have been lifted for drying or else adequate room should be left so they can be lifted without disturbing the new planting.

Local Man Wins $375 Award from Government

Saving the government over $24,000 annually won Cyrus L. Butler, 1906 Eldora St., Lemon Grove, an award of $375. He is employed by the U. S. Naval Supply Depot as supervisor in the Machine Records Department. Capt. J. E. Wolowsky, Depot Commanding Officer, presented the award in special ceremonies last week.

Butler increased production and efficiency in his department while his working force was reduced 38 per cent. An annual saving of $24,584 resulted from employee training and a refined mechanized system. This is the first time such an award has been given to a Supply Depot employee.

Southern California To Set New Water Record

Los Angeles—Record use of Colorado River water in Southern California this year was foreseen as a certainty today whether the season's rainfall is above or below normal.

Robert B. Diemer, general manager and chief engineer of the Metropolitan Water District, said the 457-mile aqueduct system operated by the District carried an average of almost 200,000,000 gallons of water daily last year but that engineering studies point to an even higher demand in 1954.

To meet this area's growing dependence upon Colorado River water the District has under way a $52,000,000 construction program, Diemer said. Municipal and other public water works also are carrying on expansion programs of their own, he added.

San Diego County Water Authority, another member of the MWD, is building a "second barrel" that duplicates an existing connection to the main aqueduct. Continued drought has kept San Diego's reservoirs from being filled and the communities in that region have been saved rationing only through availability of Colorado River water. Cost of the new San Diego project is $18,000,000.

Another factor expected to result in greater need for Colorado River water deliveries is the local effects of drought conditions that have persisted for nine of the past 10 years.

"Even if this should turn out to be a 'wet' winter it cannot possibly build up to any appreciable degree the already depleted underground basins from which many cities draw their water supplies," Diemer declared.

Expect Salary Rise To Draw More Teachers

Results of the salary increase granted earlier this year to teachers in state institutions should be reflected in the number of applicants for coming civil service examinations, the State Personnel Board said today.

The monthly salary range of about 200 teachers at Youth Authority schools, Department of Corrections institutions, state prisons and mental hospitals has been increased by approximately five per cent.

Instructors in aircraft, cooking, electrical work, tailoring and similar fields, who require three years' experience as journeymen craftsmen, will start at $376 or $395, depending on their qualifications.

New starting salaries of teachers of home economics, arts and crafts, music and other subjects will range from $341 to $395.

Current vacancies will be filled as the result of four civil service examinations scheduled by the personnel board.

Applications are being accepted for the following examinations: instructor in painting, Youth Authority teacher, elementary teacher, home economics teacher and arts and crafts teacher, instructor in aircraft engine mechanics and instructor in airframe mechanics, speech correction teacher, teacher of cerebral-palsied children, and the following instructor classes: electrical work, industrial arts, general shop and tailoring.

Application blanks are available at State Employment office on Columbia St.

Republican Women to Hold Washington Conference

According to an announcement received this week from the office of Congressman James B. Utt, Republican women will hold their annual spring conference in Washington, D. C., on April 6, 7 and 8.

The conference, which will be attended by many Southern California ladies, will include a pageant presenting a story of contributions made by the Republican party to the history, social and economic growth of the country.

Discussions will be held on various local and national issues which will be followed by work on campaign techniques and specific problems.

In an effort to get as many women in attendance as possible no quotas have been set up and any woman who desires to attend should get in touch with the Conference Chairman in her local Republican group.

Congressman and Mrs. Utt are planning to participate in this affair along with other Members of Congress and their wives.

Helix Cadets in Leadership School

There were 15 cadets from Helix High among the 150 from all parts of Southern California who attended the Third Annual Leadership School at Camp Cuyamaca the last week in January. More than 20 schools were represented. From San Diego County ten took part.
